RELMONT LITHIA WATER.

RICHMOND, VA., December 21, 1881. Sichmond, T. Lacy, Esq., Proprietor, White House, Va.;

House, Va.:

Dear Sir.—Referring to your request of yesterday, I would state in behalf of "RELMONT LITHIA WATER." I have used it largely in Digestive troubles with good results, but I was more particularly struck with its efficacy in a case of Pregnant Insemnolency occurring in my practice some two years since. The justient was tormented night in and night out with loss of sleep. I could give her no relief, As a deriner resort I suggested the BEL-MONT LITHIA. The morning succeeding the night of its trial I met her, bright and radiant, on the street, and she told me the water had given her a tranquil and refreshing sleep—something she had not enjoyed before for some weeks. Acting as it can safely class it with the nervines.

SMALL-POX.

In the House of Delegates yesterday Mr. Graves, of Bedford county, offered the Whereas there are various rumors as to

the prevalence of small-pox in the city; therefore be it Resolved by the House of Delegates (the Senate concurring), That a committee of three on the part of the House and two on the part of the Senate be appointed to con-fer with the City Board of Health relative in Richmond yesterday. for with the City Board of Health relative to said reports, and report the facts to the General Assembly, together with any precautions they may suggest—said committee to be selected from members who belong to the medical profession.

Mr. Taylor of Richmond was opposed to the adoption of the resolution. The desired information could be obtained from the publications of the Chamber of Commerce in the daily papers. Reports as to

merce in the daily papers. Reports as to the prevalence of small-pox in the city had been greatly exaggerated.

Mr. Tinsley opposed the resolution. He did not believe that there was any occasion for this move. In all cities of the size of Richmond the disease was always more or less prevalent at this season of the year. It was no worse here now than it had been many times before. The adoption of the resolution would do no good, but, on the other hand, would create needless alarm, whereby the city would be greatly injured.

Mr. Mayo wanted the investigation made.

If it turned out that there was no cause for alarm then that would settle the matter. If there was the people ought to know it. Mr. Tinsley moved to dismiss the reso-lution, which was rejected.

The resolution was then adopted. It was communicated to the Senate, and

tax on Licenses by supervisors.

In the city proper there are 18 cases in the white population and 8 in the colored.

Most of these cases are varioloid. that body agreed to it.

House yesterday:
Be it enacted by the General Assembly of Virginia, That it shall be the duty of the Board of Supervisors of each county in the State to levy a tax on all licenses issued by the State for any and all purposes. The said tax shall be for county levy, county schools, district schools, roads, and all other purposes for which taxes are or may be levied by the Board of Supervisors; provided, that each of said several taxes shall bear the same proportion to and be the same per cent, upon the said license tax levied by the State that the said county levy, county school, district school, road or other taxes levied on real and personal

property, bears to the State tax levied on said real and personal property. The

passed several sleepless nights, disturbed by

she refused to have it administered to the child, as

she was strongly in favor of Homoeopathy. That night the child passed in suffering and the parents

without sleep. Returning home the day following, the father found the baby still worse; and, while

contemplating another sleepless night, the mother stepped from the room to attend to some domestic

duties and left the father with the child. During

her absence he administered a portion of the Soothing Syrup to the baby and said nothing.

nights have disappeared. A single trial of the Sy-

rup never yet failed to relieve the baby and over
